Hi all,

Would everyone be able to meet with the Seneca Nation on the Catalyst permit on Tuesday, August 24<sup>th</sup> from 1-3 pm?

Unfortunately, I can't make the August 27<sup>th</sup> meeting time because I'm out of town that day. I'm assuming Fridays are not a great day for a lot of people.

Please let me know ASAP and I can get something on the books.

Thanks!

**Kevin Rowsey**

**Subject:** RE: External: Catalyst Energy Draft Permit - PAS2D015BMCK

Good afternoon Mr. Rowsey,

In response to your last email, the Seneca Nation has determined that we could push the consultation meeting, regarding the Catalyst Draft permit, back another week. Therefore a meeting sometime during the week of August 23<sup>rd</sup> would be necessary. The Seneca Nation has availability to meet either Tuesday, August 24<sup>th</sup> from 1-3 pm or Friday, August 27<sup>th</sup> from 10 am-12pm.

Furthermore, since the consultation meeting will be delayed, the Seneca Nation requests to have the 30-day comment period extended to a 60-day comment closing period as well. The Seneca Nation understands that it's not bound to the public comment period; however, it's a timeline that the we make every reasonable attempt to adhere to. Additionally, the suggested comment period of "30-days" generally does not provide our community adequate time to digest and respond to the proposed permit.

Please let me know if either of the abovementioned meeting days/times are possible for a consultation meeting.

Respectfully submitted,

*Anna Carr*

Water Program Manager

Good afternoon Mr. Rowsey,

As Clifford Redeye III below mentioned, he is currently out of the office and I'm reaching out to you on his behalf. The Seneca Nation would like to request a consultation meeting on Tuesday, August 17<sup>th</sup> from 11 a.m. to 12 p.m. regarding the Catalyst Draft permit.

Would this day and time work for a consultation? Please let me know at your earliest convenience.

Respectfully submitted,

*Anna Carr*

Hello Kevin,

Thank you for the update. I will forward this information to the group.

Anna or myself will get back to you on some possible meeting dates. We are going to coordinate them on our end and we will send them through to see if any of those dates work for EPA as well.

Thanks,

Clifford C. Redeye III

Hi Cliff,

I was actually about to email you today. We're going to public notice the Sandstone Development Draft Permit next Thursday, July 29<sup>th</sup> in the Bradford Era, just as Catalyst was and concurrently receiving public comments as well as actively consulting with the Seneca Nation. The Public Comment Period will last until August 30<sup>th</sup> with a tentative Public Hearing being held on August 30<sup>th</sup>. You can view all the permit documents on EPA's website [here](#). The Catalyst document are already posted there.

In regards to having a meeting to discuss the Catalyst permit and the Seneca Resources visit, we'd be happy to have one. Is there a week that works better for your folks?

Hello Kevin,

Thank you for the update. We will keep an eye out for them. If you could please include Anna Carr in any email correspondence from July 26<sup>th</sup> through the August 14<sup>th</sup> as she will be the contact for the Seneca Nation with any water issues as I will be out of the office.

We do have some additional questions that we would like to discuss following some of our groups visiting Seneca Resources and with the Catalyst permit itself. Do you think we could set up a meeting?

Thanks again,

Hi Cliff,

I apologize for the delay. Our regional counsel has been reviewing the Nation's comments and EPA's Responses. I hoped to get the responses to you by the end of June but due to many people being out of the office for vacation, it's been hard to move it along. I'm hoping to get our responses finalized next week and put them into concurrence for our Division Director to sign off on them. I can email you early next week and let you know the status of our response.

Best regards,

**Kevin Rowsey**

Hello Kevin,

Thank you for forwarding these documents we will review and reach out with any questions.

We were also wondering if there are any update on the Roulette comments? In our June 10<sup>th</sup> email it was mentioned that the initial comments were finished, that they were going through concurrence and the division director needed to sign off on them. It was also mentioned EPA was hoping to have them to us by the end of June.

As mentioned before the Seneca Nation plans to review EPA's comments before we submit comments on the upcoming permits.

Thank you

Good morning Cliff,

I wanted to let you know that the EPA intends on opening the Catalyst Draft Permit for Public Comment starting on Thursday, July 22<sup>nd</sup> and concluding on Monday, August 23<sup>rd</sup>. We have a tentative Public Hearing via teleconference scheduled for Tuesday, August 24<sup>th</sup> from 6:00 – 8:00 PM. The Public Notice will be published in the Bradford Era newspaper next Thursday (7/22). Per your prior discussions with Brian Hamilton regarding Catalyst and Sandstone, I've attached the Catalyst draft permit and Statement of Basis for the Nation's review. Please let me know if you have any questions about these documents.

We look forward to receiving your formal comments on the Draft Permit. As always, please don't hesitate to reach out to us.
